For the attention of Daryl Trott

Dear Daryl

**Re Hayes Park Fit Out**

We would like to take this opportunity to thank you for an excellent & professional service during the fit out & relocation to Hayes Park. Your management of the contract, handling of on going valuations & final account negotiations were carried out to a very high standard.

We obtained comments from the contractor regarding your fastidious approach to cost control management & this reconfirms our belief that you represent the client's position very well without being too unfair on the contractor. A blend, which is sometimes hard to achieve in today's aggressive market.

We would have no hesitation in recommending your services for future projects of this nature & look forward to the opportunity of working together again.

Good luck in the future.

Yours faithfully  
for H J Heinz Co Ltd

R Stuart  
ECE Senior Project Manager
