Darryl

Just a quick note to thank you and all your colleagues at Fanshawe's for your valuable contribution to our fit-out project at Newgate Street and Bishopsgate.

Keith and I greatly appreciated your diligence, persistence, open communication and honesty throughout the whole project. The negotiations around the high-level M&E works were particularly elongated and, I imagine, not without some stress. I felt you managed these with sensitivity and utmost fairness. The overall result that you helped to deliver was very satisfactory. We have achieved an excellent commercial outcome without compromising the quality of the job. In particular, we have appropriately directed the higher-cost spend to the client areas, where it delivers most value.

It has been very enjoyable working with you and your team and I would have no hesitation in recommending you for any similar projects in the future.

Thanks once again.

Kind regards.
