Subject: With thanks

Dear Darryl

Office Fit Out, 5th Floor, 222 Gray Inn Road, London WC1

Following completion of our office fit out I wanted to write to thank you for your contribution to making this project a success. As you know we chose to appoint a design and build contractor that carried out our last project but considered it prudent to appoint an independent cost consultant. We were impressed with the significant cost savings you made on the proposed contract sum by the contractor and the speed in which you got the contract documents issued.

We were also pleased with how the contract protected our position and reductions you made to the contractor's final account with agreement soon after practical completion. Should we require cost consultancy in the future we will be in contact and wouldn't hesitate in recommending you to potential clients.

Regards,
Al Lewis
Facilities Manager.
